CRYSTAL CLEAN & PROTECT

Prevents from crystallisation

Protects the entire SCR system from
AdBlue® crystallisation.

Avoids costly repairs

avoids costly repairs on AdBlue®
components by preventing
crystallization and keeping clean the
SCR system.

Easy to use

One step when filling up with AdBlue.
Pour directly into the AdBlue® tank.

PROPERTIES :

- Prevents the formation of crystal deposits
- Dissolve light crystallisation
- Avoids costly repairs to the AdBlue® system
- Improves SCR operation
- Eliminates breakdown & downtime

1 BOTTLE = 1 FULL AdBlue® TANK

ONLY ADD TO ADBLUE® TANK

Use at every refill of AdBlue®

500 ml treats 1 AdBlue® tank (45 to 75L)

125 ml treats 1 AdBlue® tank (10 to 20L)
