CLEAN-AIR **Molecular Technology**

Wynn's Clean-Air removes and neutralises odours and bad smells in vehicles.

Properties

- ✓ Neutralises bad smells by means of a molecular, chemical reaction.
- ✓ Instantly removes bad smells.
- ✓ Works on a wide range of unpleasant odours of organic materials:
 - Cigarette smoke, pet smell, body odours, transpiration
 - Removes food smells, such as coffee, orange, vanillin, pizza, fries, spilled food.
 - Removes odour from vomit, smell of mildew and damp.
 - Removes bad smells from fabrics, e.g. seats and carpets in vehicles
- ✓ Chemical neutralisation of the smell molecules, instead of just masking the smell, leading to a long lasting effect.
- ✓ It has a fresh delicate minty perfume, which slowly disappears after use.
- ✓ Does not leave stains.

Applications

- ✓ For use in cars, trucks and buses.

Directions

- ✓ If possible remove the source of bad odours (i.e. empty ash trays, remove dirt from fabrics).
- ✓ Ensure that the aerosol is at room temperature. Ideal application temperature 5 to 30°C.
- ✓ Put the spray in a central position in the passenger compartment of the car or truck cabin.
- ✓ Push down the spray handle until it clicks in the blocked position.
- ✓ The spray is activated and will automatically spray the product inside the vehicle.
- ✓ Leave the vehicle and close the doors.
- ✓ Wait until the spray is empty and all product is consumed (approximately 2 minutes).

Due to the versatility of the application possibilities, it is impossible to mention all details and we do not assume any obligations or responsibilities resulting from this. When a new edition appears due to the technical development, the preceding data are no longer valid.

Product specifications

- ✓ Remove the spray from the vehicle and leave the doors open for aeration, during approximately 5 minutes.
- ✓ Repeat the treatment if the smell is too persisting and still present after the first treatment.
- ✓ If some humidity is left on surfaces, simply wipe it off with a cloth. Wynn's Clean-Air leaves no stains on fabrics, metal, plastic, rubber, wood. It can leave a light stain on glass and mirrors. If this is the case, simply remove it with water or a glass cleaner.
- ✓ Do not spray directly on food, drinks, animals and humans.
- ✓ If sprayed on objects which can come in contact with food and drinks, rinse objects with water before use.
